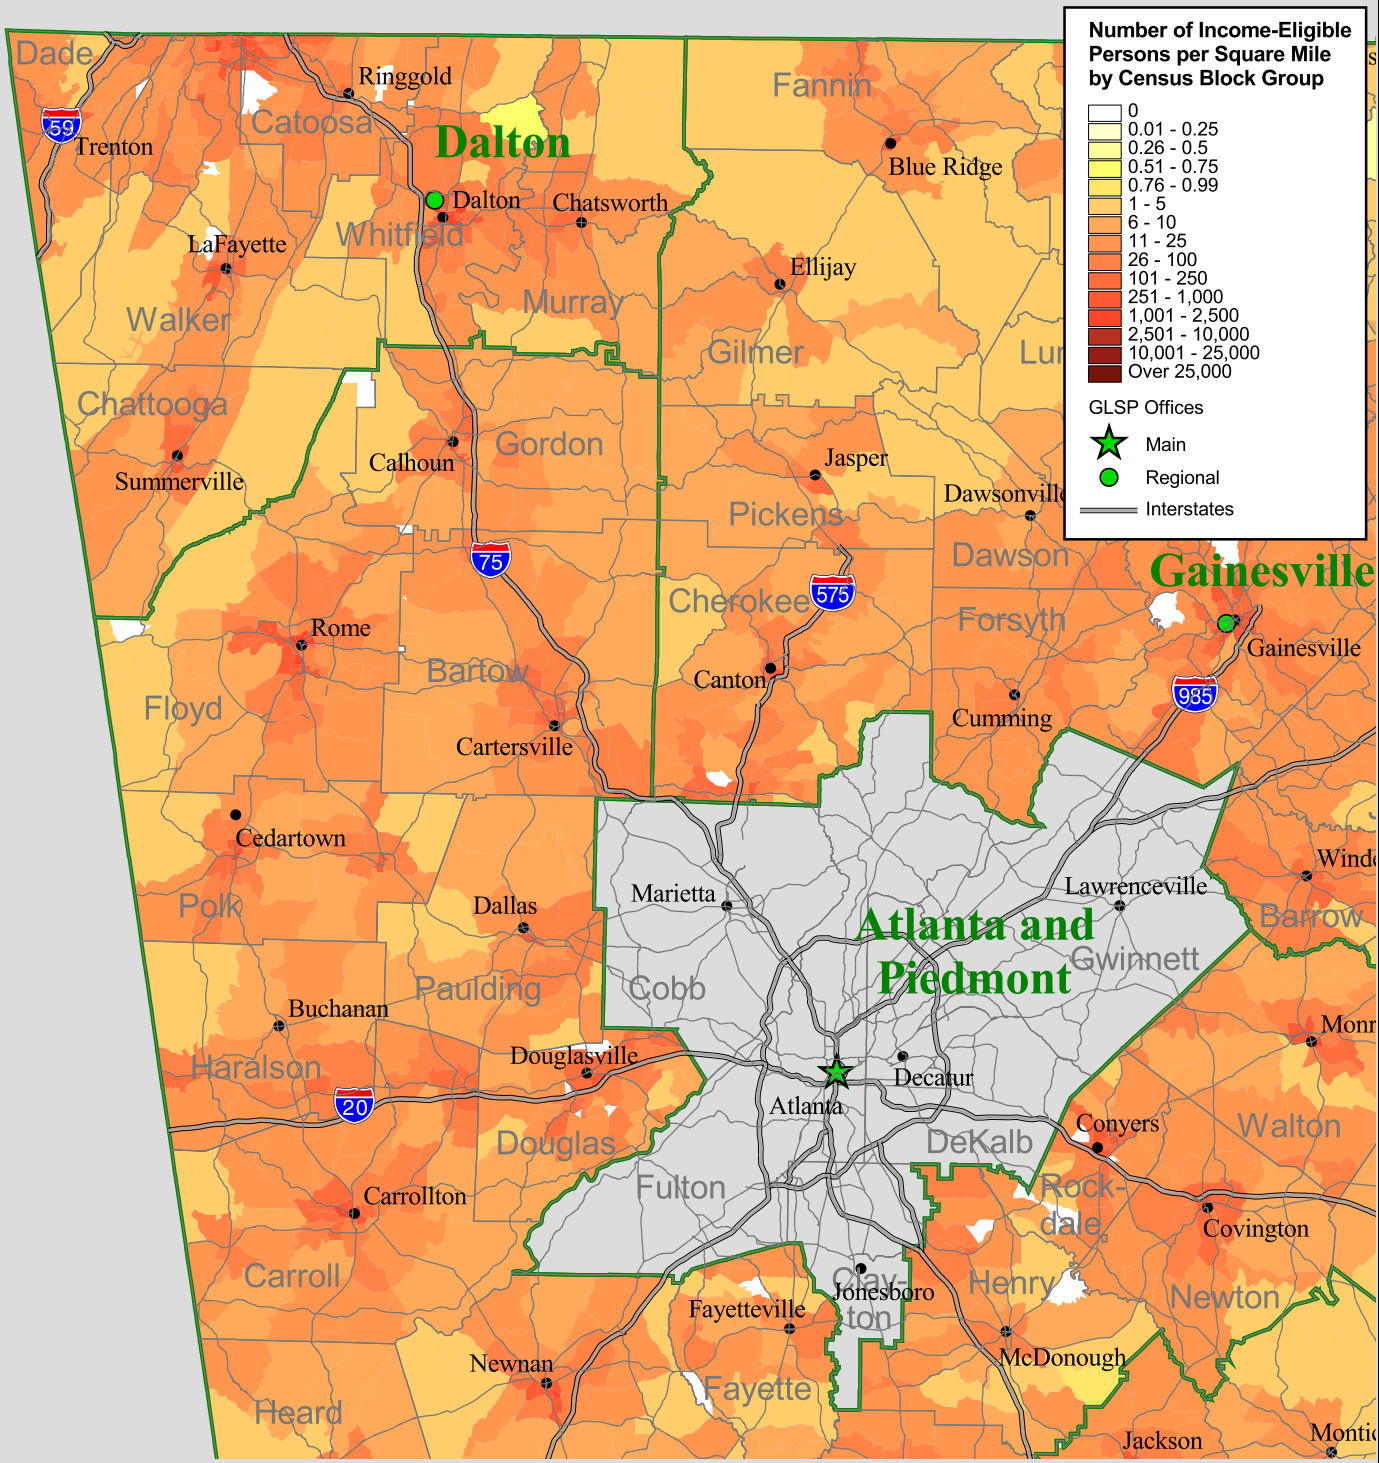
Density of Income-Eligible Persons 1990
Dalton Service Area



Note: Income level is only one factor in determining client eligibility, set at or below 125% of the poverty level. Other factors may include: asset ceilings, alien status, citizenship, conflict of interest, recipient resources, or unique client circumstances that allow recipients to use their discretion in providing services.

This map was developed solely for the purpose of determining whether mapping is useful for making management decisions.
